A WINTER WONDERLAND IN MIAMI

Miami Seaquarium lights up during Winter Nights & Lights Holiday Celebration

Although winter's snow and chilly temperatures are not typical of South Florida weather, the forecast at Miami Seaquarium calls for magic and merriment during *Winter Nights & Lights*. The Holiday extravaganza will transform the park into a virtual Winter Wonderland from December 26th, 2007 through January 5th, 2008.

While regular park hours are from 9:30 a.m. – 6:00 p.m., *Winter Nights & Lights* will brighten Miami Seaquarium until 8:00 pm each night. On New Year's Eve the park will close at 6pm.

“During the park's *Winter Nights & Lights* celebration, our goal is to bring the joy and light of the Holidays to as many families as possible,” commented Eric Eimstad at Miami Seaquarium.

For the first ever Miami Seaquarium will create a magical light exhibition with all of your favorite marine animals. Join us as we light up the holidays with magical light sculptures of reef fish, flamingos, dolphins, seals, sea lions, killer whales, and many more of our Miami Seaquarium marine friends. In addition to our magical marine light exhibit, Miami Seaquarium will feature holiday shows and exhibits, the Kid's Winter Express Train, holiday bounce houses, extended park hours, fireworks and much more.

Miami Seaquarium, South Florida's most popular tourist attraction, is a family-oriented marine-life park open to the public 365 days a year. The park, accredited by the Alliance of Marine Mammal Parks and Aquariums, provides visitors with a greater understanding and appreciation for marine life through shows, presentations and marine-life exhibits. For information on *Winter Nights & Lights*, call (305) 361-5705 ext. 225 or visit www.miamiseaquarium.com.

Miami Seaquarium is an accredited member of the Alliance of Marine Mammal Parks and Aquariums, an international organization committed to the care and conservation of marine mammals. Accreditation by the Alliance means this facility meets or exceeds all the standards of excellence for marine mammal care, husbandry, conservation and education.
