SUMMER CAMPERS AT MIAMI SEAQUARIUM BECOME TRAINERS FOR A DAY

Special training session for upcoming Grand Opening of Dolphin Harbor

WHO: Summer Campers and training staff at Miami Seaquarium plus a magnificent crew of dolphins awaiting their debut at the new Dolphin Harbor.

WHAT: In preparation for their debut as the star attraction at the new Dolphin Harbor, the dolphins will get a little extra help from Summer campers at Miami Seaquarium who will assist in a unique education and training session. Campers will actively participate by assisting the Miami Seaquarium dolphin training staff.

On July 19, 2007, Miami Seaquarium will unveil a new dolphin habitat, "Dolphin Harbor." It will be home to the park's expanded Swim with our Dolphins program, which will feature a two hour up-close and personal dolphin interaction experience that includes an intimate swim with a dolphin, an interactive educational segment in a classroom environment and one day's admission to Miami Seaquarium.

Home to eight Atlantic Bottlenose Dolphins, Dolphin Harbor features a 12,000 square foot, 700,000 gallon dolphin pool surrounded by an 8,000 square foot facility to include reception area, education seminar room, changing facilities and rest rooms.
