

Media Advisory

DOLPHINS MOVE TO NEW HOME

Miami Seaquarium dolphins to be introduced to new home, *Dolphin Harbor*

WHO: Miami Seaquarium

WHAT: As Miami Seaquarium staff prepares to open its new dolphin swim facility, *Dolphin Harbor* in June 2007, two Atlantic Bottlenose Dolphins, Bimini and Abaco will be the first to swim in their new home. The media will have an opportunity to capture the moment as Miami Seaquarium trainers and staff transfer Bimini and Apico from their current home at Flipper Lagoon to their new 700,000 gallon playing area at *Dolphin Harbor*.

Dolphin Harbor will house eight Atlantic Bottlenose Dolphins, education classrooms and an 8,000 square foot meeting facility surrounding the dolphin pool. *Dolphin Harbor* will be home to the park's expanded *Swim with our Dolphins* Program. The program will feature an up-close and personal dolphin interaction experience that includes an intimate interaction with a dolphin, an educational segment in a classroom environment and one day's admission to the park.

WHEN: Tuesday, May 1st, 2007
10:00 a.m.
*Media is advised to arrive by 9:45 a.m.
