

# *How Can My Class Adopt A Manatee?*

Now you and your students can adopt a rehabilitating manatee at Miami Seaquarium®! Here's how:

Meet some of our newest arrivals, park favorites and currently released manatees. Your donation will be put towards the purchase of a tagging belt, used to monitor newly introduced manatees back in to the wild.

There is no minimum or maximum donation amount, as every little bit helps! Your adoption packet includes:

- \*A 5 x 7 color photo of your manatee
- \*A history of its rehabilitation story
- \*An adoption certificate
- \*A manatee patch
- \*A brochure about the Manatee Rehabilitation Program (MRP), our non-for-profit, manatee donation organization

For more information, call us at (305) 361-5705 X298
