SPRING CAMP AT MIAMI SEAQUARIUM UNDERSCORES PARK'S 60 YEARS OF CARING

Spring Camp Runs March 23-27 for Ages 5-18

MIAMI – February 23, 2015 - For more than 60 years, Miami Seaquarium® has been a firm advocate of marine life education and conservation. Through its current interactive educational programs, Miami Seaquarium continues its mission of educating students of all ages about the wonders of marine life. Springtime brings excitement to Miami Seaquarium with the return of spring camp. This year's spring camp theme is 'Conservation Quest.' The park's spring camp program offers students from kindergarten to high school the opportunity to learn about environmental issues facing our planet including pollution, invasive species, water conservation, habitat destruction, and endangered species. The week long camp includes one marine mammal show a day, at least one animal interaction a day, arts and crafts, interactive games and experiments, and much more. Spring camp will run March 23-27, 2015 for campers ages 5 to 18 years.

For Spring Camp enrollment or additional information, please call 305-361-5705, ext. 298 or 207 or visit www.miamiseaquarium.com.

Miami Seaquarium, South Florida's most popular tourist attraction, is a family-oriented marine-life park open to the public 365 days a year that provides

visitors with a greater understanding and appreciation for marine life through shows, presentations and marine-life exhibits. Miami Seaquarium is an accredited member of the Alliance of Marine Mammal Parks and Aquariums, an international organization committed to the care and conservation of marine mammals. Accreditation by the Alliance means this facility meets or exceeds all the standards of excellence for marine mammal care, husbandry, conservation and education.
