SUPER SPLASHTACULAR SUMMER RETURNS TO MIAMI SEAQUARIUM WITH A SAVAGE TWIST

Park unveils two new waterslides along with the Savage Ancient Seas™ exhibit for a Splashtacular Summer

MIAMI – May XX, 2019 – This summer, Miami Seaquarium will offer fun and cool alternatives to beat the heat with the return of its *Super Splashtacular Summer* celebration. Children will be able to enjoy inflatable water slides in the park's Splashtacular Summer Kid's Water Play Area. Beginning June 8 through August 18, 2019, the park will feature the aquatic play elements for guests to enjoy.

Miami Seaquarium offers more ways to stay cool this summer with various shows throughout the day and the chance to experience the park's many exhibits, such as the limited-time Savage Ancient Seas exhibit. Savage Ancient Seas will transport guests to a North America of 70 million years ago, where visitors can experience enormous, vicious sea monsters of the Cretaceous Period. The exhibition includes more than 50 prehistoric marine fossils, both cast and real specimens, mounted in extraordinary three-dimensional displays.

The Water Play Area will feature two new water slides – the Plunge Double Lane slide and the Tahiti Island. The Plunge Double Lane slide is as adventurous as it sounds featuring a dual 27' drop and extended slides of 68' for double the fun. The Tahiti Island slide is perfect for little ones, allowing toddlers to take a trip to the islands and enjoy the splashtacular fun – creating an enjoyable environment for

children of all ages. In addition, Salty's Pirate Playground and the park's Spray and Play misting stations will provide wet, fun and refreshing ways to stay cool.

Single day discount on general admission is available when purchasing tickets online by using the promo code: Summer. Guests will save 20% off on general admission.
